EDUCATION

Eastern International University [October 2021 – Present]

School of CIT

Major: Software Engineering

Key Subjects: Web Development

GPA: 3.54

PROJECTS EXPERIENCE

Project Title: Online Medicine Store

Dates: October 2024 – February 2025

Description: This online store aims to provide a platform where users can find a wide range of medicine easily and conveniently. It strives to offer a seamless shopping experience with user-friendly navigation, detailed product descriptions, and secure login and identity management.

Back-end: Built with ASP.NET Core MVC and MySQL

Front-end: Utilize Razor Page, HTML5 and CSS3 for a responsive design

Role: UI and Front-end developer (2 members)

Results: Enhanced user experience with a clean, responsive and intuitive UI, successfully implemented a secure user authentication system.

Project Title: Bus Ticket Booking System

Dates: April 2024 – July 2024

Description: This project aims to provide a convenient platform for users to search for and book bus tickets online. It offers features such as searching for bus schedules, booking tickets, and managing user accounts.

Back-end: Built with Java

Front-end: UI components designed using NetBeans drag-and-drop interface.

Role: UI and Front-end developer (4 members)

Results: Successfully developed a user-friendly system with efficient search and booking functionalities, ensuring a seamless user experience. Implemented secure user authentication and data management.

WORK EXPERIENCE

APIX ENGLISH CENTER [June 2024 – Present]
